

## Author Guidelines for Submitting a Manuscript

### Article Preparation Support

**Wiley Editing Services** offers expert help with English Language Editing, as well as translation, manuscript formatting, figure illustration, figure formatting, and graphical abstract design – so you can submit your manuscript with confidence.

Also, check out our resources for **Preparing Your Article** for general guidance about writing and preparing your manuscript.

1. Before submitting a manuscript to *EM:IP*, make sure the content of your manuscript is a good fit for the journal. To get a better sense for manuscripts that would and would not be a good fit, please read the overview of the journal available at: [http://onlinelibrary.wiley.com/journal/10.1111/\(ISSN\)1745-3992/homepage/ProductInformation.html](http://onlinelibrary.wiley.com/journal/10.1111/(ISSN)1745-3992/homepage/ProductInformation.html).
2. All submissions to *Educational Measurement: Issues and Practice* need to follow APA Style as described in the Seventh Edition of the Publication Manual of the American Psychological Association. For details, see [www.apastyle.org](http://www.apastyle.org).
3. Submissions must be double-spaced, with Times New Roman 12 point font and 1 inch margins.
4. Submissions must not exceed 30 pages, including references, tables and figures. Occasional exceptions to this rule will be at the discretion of the editor.
5. *Educational Measurement: Issues and Practice* is a double-blind journal. Submitting authors should do their best to keep their identities anonymous by not citing their own work excessively or gratuitously. For example, references to unpublished reports or conference papers should be avoided if possible. Please do not blind a reference to a previous publication (i.e., "Author 2012") if it is clearly relevant to the present study as this simply makes the identity of the submitting author(s) all the more obvious.
6. Acceptable formats for submitted manuscripts are Microsoft Word (.doc or .docx) or LaTeX.
7. All tables, charts, graphs and equations must be submitted in an editable format (i.e. Microsoft Excel, Equation Editor or LaTeX).
8. Any manuscript with significant deviations from the guidelines above will not be sent out for review.

### Open Access

This journal is a subscription journal that offers an open access option. You'll have the option to choose to make your article open access after acceptance, which will be subject to an APC, unless a waiver applies. For more information on this journal's APCs, please see the [Open Access page](#).

## Submission

New submissions should be made via the Research Exchange submission portal <https://wiley.atyponrex.com/journal/emip>. You may check the status of your submission at any time by logging on to [submission.wiley.com](https://submission.wiley.com) and clicking the "My Submissions" button. For technical help with the submission system, please review our [FAQs](#) or contact [submissionhelp@wiley.com](mailto:submissionhelp@wiley.com).

### Main Text File

Manuscripts can be uploaded either as a single document (containing the main text, tables and figures), or with figures and tables provided as separate files. Should your manuscript reach revision stage, figures and tables must be provided as separate files. The main manuscript file can be submitted in Microsoft Word (.doc or .docx) or LaTeX (.tex) format.

If submitting your manuscript file in LaTeX format via Research Exchange, select the file designation "Main Document - LaTeX .tex File" on upload. When submitting a LaTeX Main Document, you must also provide a PDF version for the manuscript for Peer Review. Please upload this file as "Main Document - LaTeX PDF". All supporting files that are referred to in the LaTeX Main Document should be uploaded as a "LaTeX Supplementary File."

Your main document file should include:

- A short informative title containing the major key words. The title should not contain abbreviations;
- The full names of the authors with institutional affiliations where the work was conducted, with a footnote for the author's present address if different from where the work was conducted;
- Acknowledgements;
- Abstract;
- Keywords;
- Main body;
- References;
- Tables (each table complete with title and footnotes);
- Figure legends. Legends should be supplied as a complete list in the text. Figures should be uploaded as separate files.

For questions, please contact Dr. Heather M. Buzick, the Editor-in-Chief, at [HBuzick@ets.org](mailto:HBuzick@ets.org).

## Copyright

*EM:IP* uses the Wiley Author Licensing Service to assign copyright to NCME. Authors of accepted manuscripts sign their copyright form electronically after their articles are submitted for production at Wiley.

### Online production tracking is available for your article through Wiley's Author Services.

Author Services enables authors to track their article - once it has been accepted - through the production process to publication online. Authors can check the status of their articles online and choose to receive automated e-mails at key stages of production so they don't need to contact the production editor to check on progress. Visit <http://olabout.wiley.com/WileyCDA/Section/id-827996.html> for more details on online production tracking and for a wealth of resources including FAQs and tips on article preparation, submission and more.

## Article Promotion Support

**Wiley Editing Services** offers professional video, design, and writing services to create shareable video abstracts, infographics, conference posters, lay summaries, and research news stories for your research – so you can help your research get the attention it deserves.

## Author Name Change Policy

In cases where authors wish to change their name following publication, Wiley will update and republish the paper and redeliver the updated metadata to indexing services. Our editorial and production teams will use discretion in recognizing that name changes may be of a sensitive and private nature for various reasons including (but not limited to) alignment with gender identity, or as a result of marriage, divorce, or religious conversion. Accordingly, to protect the author's privacy, we will not publish a correction notice to the paper, and we will not notify co-authors of the change. Authors should contact the journal's Editorial Office with their name change request.
